

March 9, 2026

Dear Valued Customer:

Pierless Fish has a strong commitment to food safety and customer satisfaction.

Therefore, we wanted to urgently make you aware that Massachusetts seafood supplier John Nagle Co. is recalling Atlantic Salmon after *Listeria monocytogenes* was detected on the surface of a whole head-on gutted salmon during a routine verification sample conducted by First Water Farms in Iceland, where the salmon was raised. As a result, the below items produced in our facility are being recalled.

Pierless Fish is instructing all customers who purchased the below items from Pierless Fish between March 5, 2026 and March 7, 2026 to please not use this product and return any unused product in its original box for full credit. Full credit will only be issued for returned products in their original carton.
